| Operating Conditions      | -30~+60°C/less than ≤ 95% RH   |
| Ingress Protection        | IP67   |
| Input Voltage / Current   | D12V/POE(IEEE802.3af)  |
| Material                  | Metal  |
| Weight                    | 415g   |

## KEY FEATURES

**IR NIGHT MODE**  
Standby

**NIGHT COLOUR MODE**  
Light on

## WHERE

Residential, commercial and retail outlets, especially areas where its very dark at night and a clear colour picture is needed. Suitable for indoors and outdoor use

## WHY

Whilst the camera can be viewed in colour 24/7, the camera can be set up on infra-red (IR) and turns to colour when motion is detected. It's great for deterrent purposes as the camera has flashing lights, a siren, and a built-in microphone and speaker, which allow users to listen or speak remotely via the app or web browser.
